VITAL GATHERINGS

gather

VITAL GATHERINGS

what IS A VITAL GATHERING?

VITAL GATHERINGS are groups of 8-16 people who get together weekly or bi-weekly for a 10-week cycle to build strong Christ-centered relationships. Most of our groups are sermon-based, using each week's message as a launching-point for discussion. Each group determines how often it meets and how long—most are about 2 hours, depending on if they eat!

who SHOULD BE IN A GROUP?

We'd love for *every* regular participant of CATALYST CHURCH to be involved in **VITAL GATHERINGS**.

when DO GROUPS MEET?

Vital Gatherings meet for ten-week cycles, three times each year (taking Summer off). They meet on different evenings of the week at homes throughout the Palouse region. Sign-ups happen for a few weeks prior to each cycle—and we recognize it takes a few weeks within the cycle for individuals to decide if that's the right group for them (we get it—it takes a bit of trial and error to find the right fit). At the end of each cycle you have the option to remain in the same group, take a break, or try a new group.

how DO I CHOOSE A GROUP?

Many groups do best when the members share a common stage in life and/or interest. Just ask and we can help you find a group to try out.

why VITAL GATHERINGS?

That's easy: *relationships*. We believe it is important (*vital*) that every person have a group of individuals they "do life" with. Think of it as having your very own *tribe* that encourages, supports, challenges, laughs, loves, and cries together. No matter how "friendly" our church may be, no one can have *real* relationships with hundreds of people from all over a region! You need a *vital* community around you.
